

VITA CHARGE® LIQUID BOOST®

SIZES AVAILABLE

Product #79604
1 Liter Bottle

Product #79600
2.5 Gallon Jug

A liquid supplement for animals of all species that supports digestive health and promotes feed and water intake during times of stress and recovery. Can be administered via a medicator, mixed with water, used as a drench or top-dressed on feed.

UNIQUE FEATURES

Provides an extremely versatile, convenient product to protect animals during stress. Formulated to help animals recover quickly. Works in the presence of and does not interfere with antibiotics. Its palatable flavoring helps create consistency in taste of any water source.

VALUABLE NUTRIENT COMPONENTS

Contains Amaferm® and MOS to support the ability to recover from the effects of stress. Amaferm to combat stress resulting in increased intake and nutrient digestion. MOS to trap bad bacteria limiting their ability to do harm. Includes organic trace minerals, vitamins and B vitamins.

AMAFERM® ADVANTAGE

Amaferm® is a natural prebiotic designed to maximize the nutritional value of feed. It is research-proven to combat stress by supporting the animal's own immune system, significantly increasing intake and nutrient utilization.

FEEDING DIRECTIONS

Administer for 5-7 days during transition periods or during times of high stress such as sickness, weaning, transportation or showing. Liquid Boost may be given orally as a drench, mixed in daily water (feeding rate can be added to one watering or spread out over the day as long as animal receives the total number of ounces recommended per day) or as a top-dress on feed. Shake well before use. Store at room temperature and protect from freezing.

Beef and Dairy:

Over 400 lb.: 3 oz. per head, per day

Calves under 400 lb.: 1.5 oz. per head, per day

Sheep & Goats:

Adult & Growing: 1 oz. per head, per day

Lambs & Kids: 0.5 oz. per head, per day

Swine:

Over 270 lb.: 5 oz. per head, per day

100 to 270 lb.: 3.5 oz. per head, per day

50 to 99 lb.: 2 oz. per head, per day

Under 50 lb.: 0.5 oz. per head, per day

Medicator: Use full strength as stock solution with medicator set at 1:128. This equals 1 oz. per gallon of water consumed.

Poultry & Rabbits:

1 oz. per gallon of drinking water
