

VITA CHARGE® LIQUID BOOST®

SIZES AVAILABLE

Product #79600
2.5 Gallon Jug

Product #79609
32 oz Bottle

Vita Charge

A liquid supplement for animals of all species that supports digestive health and promotes feed and water intake during times of stress and recovery. Can be administered via a medicator, mixed with water, used as a drench or top-dressed on feed.

AMA FERM® ADVANTAGE

Amaferm® is a natural prebiotic designed to maximize the nutritional value of feed. It is research-proven to combat stress by supporting the animal's own immune system, significantly increasing intake and nutrient utilization.

FEEDING DIRECTIONS

Shake well before use. Administer for 5-7 days during transition periods or during times of high stress such as sickness, weaning, transportation or showing. Liquid Boost may be given orally as a drench, mixed in daily water (feeding rate can be added to one watering or spread out over the day as long as animal receives the total number of ounces recommended per day) or as a top-dress on feed.

Beef and Dairy:

Over 400 lb.: 3 oz. per head, per day

Calves under 400 lb.: 1.5 oz. per head, per day

Sheep & Goats:

Adult & Growing: 1 oz. per head, per day

Lambs & Kids: 0.5 oz. per head, per day

Swine:

Over 270 lb.: 5 oz. per head, per day

100 to 270 lb.: 3.5 oz per head, per day

50 to 99 lb.: 2 oz. per head, per day

Under 50 lb.: 0.5 oz. per head, per day

Medicator: Use full strength as stock solution with medicator set at 1:128. This equals 1 oz. per gallon of water consumed.

Poultry & Rabbits:

1 oz. per gallon of drinking water
