

A 32% protein pelleted base mix, fully fortified with vitamins and minerals and the Amaferm® advantage. Intended to use to build complete feeds for creep, growing and finishing rations by adjusting inclusion rates.

AMAFERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase water and feed intake and improve digestibility and nutrient absorption.

FEEDING DIRECTIONS

For further manufacture of feeds, mix Sure Champ Ration Builder at a rate of 250-450 lbs per ton with grain and forage. Contact your BioZyme representative for specific ration recommendations.
