

A protein tub with vitamins and minerals for goats designed to support reproductive success.

KEY SELLING POINTS

- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- Contains the Concept-Aid goat mineral package in a 20% natural protein tub.
- Supports embryo production and conception using organic trace minerals, including copper, zinc, manganese and selenium.

FEEDING DIRECTIONS

Feed to goats using the following guidelines:

1. Consumption should be approximately 2-6 oz. per head, per day.
2. Provide one 50 lb tub for every 15-20 head.
3. Provide plenty of good quality forage at all times.
4. Free-choice salt should be provided.
5. Provide a fresh, clean water supply at all times.
6. Consumption can vary with weather and feed conditions.
7. If over-consumed, move block farther from water or loafing area.

The above feeding directions are guidelines. Use good management practices adapted to varying conditions.
