

VITA CHARGE® STRESS TUB

SIZES AVAILABLE

Product #20510
50 lb. tub

Product #20512
200 lb. tub

A cooked tub for beef cattle that supports digestive health and promotes feed and water intake during times of stress and recovery. Now includes a heat tolerant probiotic to work synergistically with Amaferm® to replenish and stimulate gut bacteria. Conveniently allows beef cattle to get their daily dose of Vita Charge® without additional handling.

AMAFERM® ADVANTAGE

Amaferm® is a precision probiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to combat stress by supporting the animal's own immune system, significantly increasing intake and nutrient utilization.

KEY SELLING POINTS

- Amaferm, a precision-based probiotic that impacts intake, feed digestibility and nutrient absorption to help combat stress and support the animal's own immune system.
- Convenient, go-to product for recovery.
- MOS to trap and expel pathogens, limiting their ability to do harm.
- Allows beef cattle to get their daily dose of Vita Charge without additional handling.
- Heat tolerant Bacillus spores that act as a probiotic to help restore the gut microbiome during times of stress.

FEEDING DIRECTIONS

Feed to beef cattle using the following guidelines:

1. Consumption should be approximately 0.25-0.50 lb. per head, per day.
2. Provide one 50 lb. tub for every 5-15 head.
3. Provide plenty of good quality forage at all times.
4. Free-choice salt should be provided.
5. Provide a fresh, clean water supply at all times.
6. Consumption can vary with weather and feed conditions.
7. If over-consumed, move block farther from water or loafing area.

The above feeding directions are guidelines. Use good management practices adapted to varying conditions.
