

A free-choice vitamin and mineral supplement for beef cattle on pasture to help prevent heat stress during temperatures of 70 degrees and above, or anytime cattle are grazing fescue.

AMAferm® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to maintain performance during heat stress and increase forage digestion, a common issue with fescue.

KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for maintaining performance during heat stress.
- Garlic to deter insects.
- Unique blend of clove, cinnamon and chili pepper to help maintain circulation to support animal performance in both heat and fescue situations.

FEEDING DIRECTIONS

Feed to beef cattle at the rate of 4 oz. per head, per day. Free-choice salt can be provided if over-consumption occurs.
