

A free-choice vitamin and mineral supplement for goats specifically designed to target cycling, embryo production and conception when fed 30 days prior to kidding through breeding. Especially beneficial in A.I. and E.T. breeding programs.

AMA FERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to increase the energy available to the animal resulting in more milk production as well as the ability to initiate and maintain pregnancy and fertility.

KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for amplified breeding performance.
- 2.5X NRC for quicker impact
- High levels of Vitamin E for reproductive tract repair
- OPTIMIN organic trace minerals for 57 times more stability

FEEDING DIRECTIONS

Target consumption based on body weight when fed as the sole source of mineral and salt:

20-85 lbs. 0.5 oz. per day

85-150 lbs. 1.0 oz. per day

150 + lbs. 1.5 oz. per day

If over-consumption occurs, free choice salt can be provided.
