

VITAFERM® HEAT® TUB

SIZES AVAILABLE

Product #20160
200 lb. tub

A vitamin and mineral tub for beef cattle designed to support overall health when temperatures are above 70 degrees Fahrenheit or when cattle are grazing fescue.

KEY SELLING POINTS

- Includes organic copper, iodine and zinc for maximum bioavailability, innate immunity and hoof health.
- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- Contains the HEAT technology, a combination of essential oils and garlic, to support animals when heat and insects are a challenge.

FEEDING DIRECTIONS

Feed to beef cattle using the following guidelines:

1. Consumption should be approximately 8 oz. per head, per day.
2. Provide one 200 lb. tub for every 25-35 head.
3. Provide plenty of good quality forage at all times.
4. Free-choice salt should be provided.
5. Provide a fresh, clean water supply at all times.
6. Consumption can vary with weather and feed conditions.
7. If over-consumed, move block farther from water or loafing area.

The above feeding directions are guidelines. Use good management practices adapted to varying conditions.
