

# GAIN SMART® BALANCER RU1600

SIZES AVAILABLE

Product #62100  
50 lb. bag

A vitamin and mineral supplement for beef cattle formulated to balance high grain diets. Mix in ration or hand feed daily.

## AMAFERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to promote calf health and vigor, stimulate digestion and increase nutrient absorption for optimum gain.

## KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum gain.
- Ideally suited to balance high grain diets.
- Includes organic copper, iodine and zinc for maximum availability and hoof health.
- Includes rumensin for increased feed efficiency.

## FEEDING DIRECTIONS

Thoroughly mix monensin Type B Medicated Feed into the appropriate amount of non-medicated feed to obtain 5-40 g/ton monensin in the Type C Medicated feed. No additional improvement in feed efficiency has been shown from feeding monensin at levels greater than 30 g/ton (360 mg monensin per head, per day)

Monensin Level in Type C Medicated Feed	Amount of Type B Medicated Feed to make a ton of Type C Medicated Feed	Amount of Non-Medicated Feed
5	6.25	1993.75
10	12.5	1987.5
20	25	1975
30	37.5	1962.5
40*	50	1950

\*Feeding 10 lb. of the 40 g/ton Type C feed will provide 200 mg of monensin from 4 oz. of VitaFerm® Gain Smart® Balancer RU1600 Medicated Type B.
