

DURAFERM

A free choice vitamin and mineral supplement for sheep designed to support reproductive success when temperatures are above 70 degrees Fahrenheit.

**KEY SELLING POINTS**

- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- Contains the HEAT technology, a combination of essential oils and garlic, to support animals when heat and insects are a challenge.
- Supports embryo production and conception using organic trace minerals, including zinc, manganese and selenium.

FEEDING DIRECTIONS

Target consumption based on body weight when fed as the sole source of mineral and salt:

20-85 lbs. 0.5 oz. per day

85-150 lbs. 1.0 oz. per day

150 + lbs. 1.5 oz. per day

If over-consumption occurs, free choice salt can be provided.

GUARANTEED ANALYSIS

Calcium % Min	15.5
Calcium % Max	18.5
