

# TRIXSYN<sup>®</sup> CANINE

SIZES AVAILABLE

Product #78632  
6 oz. bottle

VITALIZE<sup>™</sup>

Trixsyn Canine is a completely hydrated, oral, liquid formulation designed specifically for dogs, allowing for quick absorption and maximum efficacy to promote joint, bone, soft tissue, and cartilage health.

## POWERED BY MHB3<sup>®</sup> HYALURONAN

MHB3<sup>®</sup> Hyaluronan, CSG's proprietary ingredient, has been scientifically proven to be bioavailable, absorbed, efficacious, and safe. It confers greater and more consistent results than any other product in both short- and long-term care. MHB3 has been awarded eight U.S. Patents and is highly researched to be efficacious, allowing for best results (Hefner, 2012).

### FEEDING DIRECTIONS

Suggested use: Orally administer 1/4 tsp (1.25 mL) per 45 lbs. twice daily.
