VITALIZE®

A liquid product for horses designed to support normal recovery from heat stress and exertion.

KEY SELLING POINTS

- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- Promotes cellular hydration and water retention.
- Contains antioxidants to reduce damaging free radicals caused by exertion and heat.

FEEDING DIRECTIONS

Directions for Use:

- For use as needed during times of elevated temperature or exertion, administer 30 mL (2 pumps) - 60 mL (4 pumps) per day based on intensity of heat and exercise.
- Recommended to split dosage between AM and PM.
- Best results occur after 3 consecutive days of use.
