

A premium protein tub with vitamins and minerals for beef cattle on grass pasture designed to support reproductive success on low protein forage.

KEY SELLING POINTS

- Contains AO-Biotics® Amaferm®, a prebiotic research-proven to enhance digestibility.
- Includes 20% natural protein along with organic copper, iodine and zinc for maximum bioavailability, innate immunity and hoof health.
- High levels of Vitamin E support reproductive tract repair and milk quality.

FEEDING DIRECTIONS

Feed to beef cattle using the following guidelines:

1. Consumption should be approximately 1 lb. per head, per day.
2. Provide one 200 lb. Protein Tub for every 20-30 head.
3. Provide plenty of good quality forage at all times.
4. Free-choice salt should be provided.
5. Provide a fresh, clean water supply at all times.
6. Consumption can vary with weather and feed conditions.
7. If over-consumed, move block farther from water or loafing area.

The above feeding directions are guidelines. Use good management practices adapted to varying conditions.
