

A free-choice vitamin and mineral supplement for beef cattle on low quality forages.

AMAFERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to significantly increase forage digestion for an increase in utilization resulting in optimal health and performance.

KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption for optimum health and performance.
- Balanced vitamins and minerals to overcome the deficiencies of low quality forage.

FEEDING DIRECTIONS

Feed to beef cattle at the rate of 4 oz. per head, per day. Free-choice salt can be provided if over-consumption occurs.
