

A highly palatable, pelleted vitamin and mineral supplement for beef cattle formulated with a high concentration of vitamins and minerals to alleviate the negative effects of stress.

AMAFERM® ADVANTAGE

Amaferm® is a precision prebiotic designed to enhance digestibility by amplifying nutrient supply for maximum performance. It is research-proven to help calves adjust rapidly, gain faster and stay healthier.

KEY SELLING POINTS

- Amaferm, a precision-based prebiotic that impacts intake, feed digestibility and nutrient absorption to help combat stress and jump start feed intake.
- High levels of organic trace minerals to balance needed minerals during stress.
- Elevated B vitamin levels to combat stress.

FEEDING DIRECTIONS

Feed to beef cattle at the rate of 0.5 lb. per head, per day for the first 14-28 days.
